

The background of the entire page is an abstract composition of various shades of blue. It features a series of overlapping, semi-transparent rectangular and triangular shapes that create a strong sense of perspective, drawing the viewer's eye towards a vanishing point in the center of the image. The overall effect is clean, modern, and professional.

Philadelphia Dentistry

At Philadelphia Dentistry, it is our goal to make our patients feel comfortable and at ease. From our kind and gentle dentists, Dr. Ken Cirka, Dr. Jessica Meier, and Dr. Mimi Jeon to our talented hygienists and support staff, our focus is on you – the patient. We are dedicated to giving you the best dental treatment in Philadelphia in a caring and relaxed atmosphere.

//Cosmetic & General Dentistry

We work meticulously to give you the perfect, flawless smile you want – in fact, we guarantee it. Our beautiful office has the most modern, advanced dental equipment and technology which allows us to deliver a comprehensive selection of dental services.

// Healthy Teeth & Gums

Our team at Philadelphia Dentistry is dedicated to giving you a positive and remarkable patient experience. We maximize patient comfort and listen to and answer all questions before treatment begins. We offer dental technology to make every visit to our office more efficient and effective. Above all, we strive to exceed your expectations so you can have a stunning, healthy smile.

// OUR LIFETIME SERVICES

"My life is so much better-far beyond what words can express. Thank you, Philadelphia Dentistry for such a great job."

// Preventive Care

Preventive care dentistry is the foundation of having a lifetime of good dental health and an attractive smile. You can prevent bad breath, tooth decay, and gum disease by having regular preventive care visits – at least once every 6 months. This can keep your teeth healthy the rest of your life. Our preventive care services offer you an affordable, gentle, and convenient program for maintaining an attractive and healthy smile that lasts a lifetime.

// Invisalign

Invisalign is a simple, quick method of straightening teeth without the time and embarrassment of old-fashioned metal braces. Invisalign is the invisible form of braces that allows you to improve the appearance of your crooked teeth, crowded teeth, or teeth with gaps, quickly and efficiently.

We now scan Invisalign patients right in our office with our on-site iTero Scanner. The iTero Element Scanner takes state-of-the-art digital impressions that remove the need for messy putty in your mouth to make a model of your teeth. Our iTero Scanner digitally captures a detailed 3D model of your teeth and gums. We then instantly send your digital impression to the Invisalign lab for immediate processing. You can see a 3D version of your new smile in minutes. A benefit is that you can start your treatment 2-3 weeks faster than other Philadelphia dentists.

// Cosmetics

Dr. Ken Cirka, Dr. Jessica Meier, and Dr. Mimi Jeon are well-known Philadelphia dentists who transform lives with cosmetic dentistry. No matter what kind of cosmetic complaint you have, there is at least one dental treatment that can transform your smile and make you look healthier, happier, and even younger. One of our most requested treatments is porcelain veneers. Versatile and natural-looking, porcelain veneers are an in-demand cosmetic dentistry treatment.

Able to hide multiple aesthetic complaints at one time – chips, gaps, stains, misalignment, short teeth, and more – veneers are customized to your smile in size, shape, color, and translucency. Meticulously developed and applied by your our dentists, veneers usually take two visits to complete. Your veneers will be incredibly durable and can last for decades with the proper care.

// MEET OUR ACCOMPLISHED DOCTORS

Dr. Ken Cirka DMD

Dentist, Owner

Dr. Cirka has owned and operated his own dental practice in Philadelphia for the past 20 years. Dr. Cirka treats his patients to the highest quality of preventive, restorative and cosmetic dentistry in the gentlest manner possible. After being accepted to the University of Pennsylvania dental school, he moved to Philadelphia. He has traveled to Germany, Africa, and throughout the U.S. to further his education.

"The dentistry that I provide to you will be long-lasting, of excellent quality, and completed gently. I value your time as if it were my own. You will be seen promptly – within a few minutes of your appointed time. We schedule ample time for each of your needs so that you never feel rushed. My reputation depends on going above and beyond what my patients expect of me."

Dr. Jessica Meier DMD

Dentist

Dr. Jessica Meier grew up in Bergen County, NJ and completed her undergraduate work at Barnard College, Columbia University. There she earned her Bachelor's degree in Neuroscience. After college Dr. Meier worked for Physiology and Medicine Nobel Laureate, Dr. Richard Axel. During this time, she also pursued volunteer efforts at dental clinics in underserved communities of New York City, Nicaragua, and the Dominican Republic. She then went on to receive her dental degree from the University of Pennsylvania.

Dr. Meier actively enrolls in continuing education courses to ensure that she is up to date with the latest advancements in all aspects of dentistry. She is also very active in the community and donates services for children and adults in underprivileged communities.

Dr. Mimi Jeon DDS

Dentist

Dr. Mimi Jeon's philosophy is simple, which is to provide each and every patient with comprehensive, quality, and informed dental care. Her patients continually appreciate her gentle and skilled bedside manner, as well as her compassionate approach to relieving any anxieties or fears that may often accompany dental treatment.

Also a graduate from the University of Pennsylvania, Dr. Jeon received her degree from the University of Maryland Dental School, then further pursued training in advanced restorative dentistry at the Philadelphia VA Medical Center.

// WHAT OUR PATIENTS SAY

ALEX F.

"From start to finish, this has been a positive, professional experience. The entire staff was courteous and knowledgeable, and made me feel at home immediately. The end result is spectacular and I'd heartily recommend Philadelphia Dentistry to anyone contemplating cosmetic dentistry."

SARA G.

"Everyone there was so sweet and helpful in your dental office in Philadelphia. I am glad that I chose you as my dentist in Philadelphia. I was impressed very much by the speedy service and professional staff. I am so pleased with the results; I would recommend this practice to anyone looking for cosmetic dentistry in Philly! Thank you!"

”

"In this whole process I only have one regret, that I didn't do it sooner." -DANIEL C.

As a valued patient of Philadelphia Dentistry, we strive to achieve and exceed your expectations to ensure 100% satisfaction.

We plan our schedule to ensure that you'll never have to wait more than 10 minutes to be seen.
